So long, scarecrow
So long, bad, bad news
So long, suicide
Looks like the joke's on you
So long, cigarette
While you speak in tongues
So long, small town
Will I be the only one?
[Loves you]

We don't really care
We don't really care
We don't really care no more
[CUCKOO, CUCKOO]
I don't really care
I don't really care
I don't really care no more
[CUCKOO, CUCKOO]
We don't really care
We don't really care
We don't really care no more
[CUCKOO, CUCKOO]
I don't really care
I don't really care
I don't really care no more
[CUCKOO, CUCKOO]

So long, headache
Staring to the sun
So long, valentine
Unrivalled and undone
So long, enemy
I was yours to choose
So long, scarecrow
So long, bad, bad news
