The heathens say Don't praise Jah in their dens  
All they want is sex and vanity  
The heathens say Don't praise Jah in their dens  
All they want is sex and vanity

You give them evil remedy  
That's all you want them see  
And I know you give them nudity, violence and sodomy  
In dancehall Babylon, in dancehall Babylon

I tell you,

[chorus]

So give them immorality  
It's all they want you see

Aphrodite and that girl Venus  
Look how they worship them  
All glorified and exalted for their stagecraft  
In dancehall Babylon, in dancehall Babylon  
In the dancehall Babylon, down there in dancehall  
Babylon

I tell you,  
Heathens say Don't praise Jah in their dens  
All they want is sex and vanity  
Heathens say Don't flex like you and me  
All they want is sex and vanity

That's why they vex with me  
I don't have their morality, O Lord

[repeat and fade]
