[Strictly food for thoughts
Total destruction]

No more life in a Babylon
No more life in a Sodom and Gomorrah
To who, the books has been open?
To who, the words has been spoken?
Woe, woe unto you
Woe, woe unto you
Brimstone, fire
... in a Sodom and Gomorrah
Brimstone, fire
... in a Sodom and Gomorrah
Said it must be total destruction
It must be total destruction

Beware ye among us
Beware ye idolaters
Workers of iniquity,
Causing fantasies in the mind of men, beware
Remember how Sodom and Gomorrah
Remember how Sodom and Gomorrah
Said it must be, total destruction
It must be total destruction

Brimstone, fire
... in a Sodom and Gomorrah
Brimstone, fire
... in a Sodom and Gomorrah

Total destruction
Total destruction

Beware ye among us
Beware ye idolaters
Workers of iniquity,
Causing fantasies in the mind of men, beware
Remember how Sodom and Gomorrah
Remember how Sodom and Gomorrah
Said it must be, total destruction
It must be total destruction

Brimstone, fire
... in a Sodom and Gomorrah
Brimstone, fire
... in a Sodom and Gomorrah
Said it must be, total destruction
It must be total destruction

[If you know about life in this civilization,
You must know how it was like in Sodom and Gomorrah
All things in creation, in this time was in
Sodom and Gomorrah, but this time it's worse
Sodom and Gomorrah was destroyed by brimstone
and fire;
This civilization shall be destroyed by brimstone and
fire]

Beware ye among us
Beware ye idolaters
Workers of iniquity,
Causing fantasies in the mind of men, beware
Remember how Sodom and Gomorrah
Remember how Sodom and Gomorrah
Said it must be, total destruction
It must be total destruction...
