A million sunsets are lost in the ocean,  
lost in our minds  
Your beautiful smile woke me up in the mornings  
a million times  
A million hopes were revealed in discretion  
at shooting stars  
And we didn't care that I was from Venus  
and you were from Mars

#### **Chorus (2X)**

I would give you my love  
But it wasn't enough for us to make it last  
The Maya were not so wrong  
It's the end of the world, it's done  
'Cause you are gone.

A million tears cannot wash off the sorrow  
that you made me feel  
A million of memories I tried not to follow  
but I cannot heal, my heart is too ill  
I thought that we can go on  
But you choose to go alone  
Go away, now I'm done!

#### **Chorus (2X)**

I gave you all that I had  
But you broke my heart instead  
I built a future for us  
But you betrayed all my trust

I thought that we can go on  
But you choose to go alone  
Go away, now I'm done!

#### **Chorus(2X)**

I prefer the Romanian version, but she will sing this English version at the 2013 Eurovision Song Contest in MalmÃ¶
