Vicki

Told her you'd forget
It hasn't happened yet

Oh, you want to know
She said nothing
Nothing, nothing
She said nothing
You'd wanna hear right now

What goes through your head
Better left unsaid, yeah

Oh, you want to know.
She says nothing
Nothing, nothing
She says nothing
You'd got to hear right now

Nothing
Nothing, nothing
She says nothing
You got to hear right now

Yeah, nothing
Nothing, nothing
She says nothing
You got to hear right now

Yeah, nothing
Nothing, nothing
She says nothing
You got to hear right now, yeah now
