Threw away the things you loved
Now you want me to forgive you
Surprise surprise, i'm moving on
Yeah, i'm moving on

What a shock it is to see
That i can walk away so easily
Isn't it funny how hard it's turned out
This time i'm moving on

Tell me, tell me
While i still have the time
Are you gonna find a love
Thats truer than mine

One, two, three abandon me
Ain't no turning back again
Well too bad baby, this time you lose
'cause i'm moving on.

Tell me, tell me
While i still have the time
Are you gonna find a love
That's truer than mine

One, two, three abandon me
Ain't no turning back again
Well too bad baby, this time you lose
'cause i'm moving on I'm moving on
