I try so hard to give this all I have
but something's in the way
I want to know that this time's for real
not the lies you say
If I can think back hard to when we once were
I can't seem to see
You said I made your life a living hell
but its beyond me..

If I remember the words you say
It's my life, it's my time
but yet you still want a part of me
I can only front for so long
It's your life, its not mine
Why can't you be dead and gone?

I remember the fights that we used to have
about what I couldn't see
this anger still prevails from my heart
deep inside of me
If I close my eyes and think about our past

I can't seem to see
you said I made your life a living hell
But it's beyond me..

If I remember the words you say
It's my life, it's my time
but yet you still want a part of me
I can only front for so long
It's your life, it's not mine
Why can't you be dead and gone?

Dead and gone!
You want a part of me!

If I remember the words you say
It's my life, it's my time
but yet you still want a part of me
I can only front for so long
It's your life, it's not mine
Why can't you be dead and gone?

..and gone

Dead an gone!
You want a part of me!
