Iâ€™m descending, into you

Feels like, dry hands, tearing me inside out  
It all is burning  
I cant, breathe anymore, too much to push away  
I tell you how you make me feel and you just look away  
And I donâ€™t know how much more of you that I can  
take

As it hits me  
Wake me before its over  
I feel gone  
Thereâ€™s nothing I can do  
Then you tell me  
Its over and walk off  
On your own  
Iâ€™m descending into you

All I hear is, screaming, inside and out  
My head, just canâ€™t take this  
It feels like I dont exist in this world you've made  
The look of disgust on your face whenever Iâ€™m with  
you

Scratch the surface of me is all you'll ever do

As it hits me  
Wake me before its over  
I feel gone  
Thereâ€™s nothing I can do  
Then you tell me  
Its over and walk off  
On your own  
Iâ€™m descending into you

Your all I've ever known  
So hard to just look away  
Put out all I've shown  
As I watch you throw it away

Iâ€™m descending, into you

As it hits me  
Wake me before its over  
I feel gone  
There's nothing I can do  
Then you tell me  
Its over and walk off  
On your own  
I'm descending into you  
Descending into you!
