My thoughts
I hold back the truth that's unspoken
It keeps pulling me down
As the seasons change within me
I'm coming around

It's all these things I say to you
I feel nothing
It's all these things I said I'd do
I do nothing
They're only empty words

Your head
Is filled with so much shit that's unwanted
It's surely wasting away
Your first step on a path that's a dead end
I can't understand

It's all these things I say to you
I feel nothing
It's all these things I said I'd do
I do nothing
They're only empty words

I take from you
A life you only wish you knew
The feelings inside you rage
As you dream of the escape
This someone that you call yourself

The feelings inside you rage
As you dream of the escape
This someone that you call yourself

Now, these chains are not made of you
Now, there's no one to hold on to
Now, the hope has been drained from you
Now

Now, these chains are not made of you
Now, there's no one to hold on to
Now, the hope has been drained from you

Now

It's all these things I say to you
I feel nothing
It's all these things I said I'd do
I do nothing
They're only empty words

They're only empty words
