As were sitting here staring each other down  
you open up your mouth let your lies spew out  
what are we doing here its wrong cant you see  
you wanna leave me here, and forget about me

You look me, in my face  
Tell me Im, a disgrace  
you say that your the victim  
I say your full of shit

all the times you stuck me here  
and put me on my own  
I feel the same thats why  
I've got a bullet with your name

As were sitting here staring each other down  
I remember how you used to kick me around  
look deep in my eyes come take all my pain  
I only have just one bullet with your name

You look me, in my face  
Tell me Im, a disgrace  
you say that your the victim  
I say your full of shit

all the times you stuck me here  
and put me on my own  
I feel the same thats why  
I've got a bullet with your name

GET THE FUCK AWAY!  
yea away

Look deep in my eyes  
come take the pain from me  
all I ask of you  
is to get away from me

You look me, in my face  
Tell me Im, a disgrace  
you say that your the victim

I say your full of shit

all the times you stuck me here  
and put me on my own  
I feel the same thats why  
I've got a bullet with your name

all the times you stuck me here  
and put me on my own  
I feel the same thats why  
I've got a bullet with your name
