My baby she's got a money tree  
My baby she's got a money tree  
If she don't shake for you, she'll surely shake for me

A little money tree, it ain't out in the wood  
But every time she shake it  
Makes me feel so good  
My baby she got a money tree  
If she don't shake for you, she'll surely shake for me

Well I'm goin' and get my tree  
If it don't bear green  
I'll be the meanest man  
That you have ever seen  
I'll cut the money tree down  
Dig up the trunk  
Cover up the hole  
Burn up the stump  
My baby she got a money tree  
If she don't shake for you, she'll surely shake for you

I love my money tree  
I love my money tree  
I love my money tree  
For my money  
I love my money tree  
I love my money tree  
For my money  
I love my money tree  
'Cause my money tree is so good to me
