I I need some time to think about what I should tell you
when you come home
To me tonight. You you may not see it when you're
away how much I miss you
Although I know you'll come someday.
Just to see that you've changed in a way that no one
can explain makes me
Think of what you told me that day when you left, you
said you need a
Friend, I'm a friend. We started out as friends, I hope
we'll be together
In the end some how.
Home tonight, you can come home tonight. I promise I
will give you light if
You come home to me tonight.
You said to me I had to wait so I could see, you needed
time to come
Together, I give you all the time you need. Sad to be
hear without a friend
To shear my fear. I need you now, you need to hold me
so I can sleep at all
At night.
Now I need you my friend, your my started out as
friends, I hope we'll be
Together in the end some how.
Home tonight, you can come home tonight. I promise I
will give you light if
You come home to me tonight.
Now I need you my friend, your my friend. We started
out as friends, I hope
We'll be together in the end some how.
Home tonight, you can come home tonight. I promise I
will give you light if
You come home to me tonight.
You can come home tonight. I promise I will give you
light if you come home
To me tonight.
You can come home tonight. I promise I will give you
light if you come home
To me tonight.
