Are you ready for the rest of your life  
Does your comforter provide  
Are you ready to remain evermore in your world of ice  
Are your feelings all locked inside  
Are you a woman or just a mannequin  
Does your heart beat like the rest  
Do you ever feel like joining in with the human race  
Or are you happier outside?  
But now you've gone you broke the spell  
I've got no memories just a photograph  
I've got the best there is of you  
You're just a devil with a pretty angel face  
You've made your choice and that's ok  
It never would have worked out anyway  
I've got the best there is of you  
You're just a devil with a pretty angel face  
Will you be ready in your later life  
When your looks are on the wane  
and you're thinking of the ones and the scores  
that you left behind  
As they come to haunt your mind

And when the twilight moment comes at last  
and you have to face that nobody's there to care  
But now you've gone you broke the spell  
I've got no memories just a photograph  
I've got the best there is of you  
You're just a devil with a pretty angel face  
You've made your choice and that's ok  
It never would have worked out anyway  
I've got the best there is of you  
You're just a devil with a pretty angel face
