If you want me to I will be your fairy princess

Your dream of romance

If you ask me then I can be your queen of darkness

Take you below

It don't matter at all

Devil or priestess - teacher or fool

What you want will be what you receive

I am the answer to all of your dreams

If you wanted a creature from another dimension

I'm the answer

If you wanted a reason for an endless conflict

I'm the one

It don't matter at all

Devil or priestess - teacher or fool

What you want will be what you receive

I am the answer to all of your dreams

Or I can be your nightmare

And then I'll take you places

You didn't mean to go

Or take a long look

Into your future

I'll tell you many things  
You didn't want to know  
If you want me to I will be your humble servant  
Need your protection  
If you ask me then I can be your fearless fighter  
Your Joan of Arc  
It don't matter at all  
Devil or priestess - teacher or fool  
What you want will be what you receive  
I am the answer to all of your dreams  
Build me up - bring me down  
Put me back on my feet again  
Please leave me alone  
If you want me to I will be your fairy princess  
Your dream of romance  
If you ask me to I can be your queen of darkness  
Take you below  
It don't matter at all  
Devil or priestess - teacher or fool  
What you want will be what you receive  
I am the answer to all of your dreams  
Build me up - bring me down  
Put me back on my feet again  
Please leave me - please leave me alone
