Liar, can you taste the stench  
Liar, can't you hear their screams  
Liar, can you taste the stench  
Liar, can't you hear their screams

And you tell me you're not the one  
That made the problem  
And you tell me you're not the one  
That made the problem

You sit here, watch closely  
And hesitate  
And you look inside, look inside  
Free your mind

Liar, can you taste the stench  
Liar, can't you hear their screams

In a time of love, in a time of pain  
As we bleed, as we choke  
As we choke

As the rest of the world watches  
As we bleed, as we choke  
As we choke, as we die

You sit here, watch closely  
And hesitate  
And you look inside, look inside  
Free your mind

We are born from misery  
We are torn from you and me  
You and me

I call you out and question  
Everything that you do  
To play this world  
For all that it's worth

They build your stature  
For nothing more but a chance to live

To live with freedoms  
And you'll end us all, end us all

In a time of love, in a time of pain  
As we bleed, as we choke  
As we choke

As the rest of the world watches  
As we bleed, as we choke  
As we choke, as we die

As we choke, as we choke  
As we choke, as we choke

As we choke  
(Disfigure, disfiguring)  
As we choke  
(Disfigure, disfiguring)

As we choke  
(Disfigure, disfiguring)  
As we choke  
(Disfigure, disfiguring)

As we choke
