Bye bye hippies bye bye!
Bye bye peace corp bye bye!
Bye bye you damn pricks see you all in hell!
What's the deal with people today?save the earth my
ass keep polluting!
Mother earth what a sham!
Couldnt give a damn about a grand slam!
How can we live with hippies in the way?
Still a sham and don't give a damn for anyone who
loves the everything!
Still drive gas cars piss the hippies off more!
Or destroy them I prefer destroy!
Still couldnt give a damn about a grand slam!
