have you ever payed thirty bucks
for a ticket where the seating sucks
you left the show with a furrowed brow
whos the sellout now I don't want my mtv
it's just not the same to me
nothing wrong with the video
I don't wanna see no dumb game show

now who's the sellout

BUT BUT BUT what is selling out?
do you know what the bands about?
putting food on the table
more power if your able
you can be dumb or you can be smart
the defination of a rockstar
is when the music is in your wallet and no longer in
your heart

now who's a sellout
now who's the sellout

well if sid viscious was so punk
then I guess I'll start shooting junk
they were on a major label

now the band has made the money
your the one that bought the cd
you told all your friends were cool
seems to me that you're the fool
so before you open your mouth
and you say our band has sold out
do you know what they've been through
know what they've gone through
to playin front of YOU!

now whos a sellout
now your the sellout
now your a sellout
now your the sellout

please don't get me wrong
I can't sum it up in one song
open your mind before you open your mouth
cause you might be the one selling out
