You were mend for me
I'll give you love and ecstasy
Strangers on the shore
I wanna play this game no more
But if you run with me
Babe, to eternity
Baby, I'm born again
Broken hearts can mend, tonight

My Charlyn, Charlyn, Charlyn
I'm lonely, you're the only
Queen of hearts
My Charlyn, Charlyn, Charlyn
I'm falling
Oh, I'm calling
For your love, for your love

My Charlyn
You are like the flame of love
Sole survivor of my lost emotion
My Charlyn, I never get enough
How my love is deeper than an ocean
Daytime friends and nighttime love
Oh, Charlyn...

If my heart could speak
You hear I'm lonely and I'm weak
There must be a way
I love you more than words can say
And if you run with me
You can have my love for free
Come on the wings of love
Up in the sky above, tonight

My Charlyn, Charlyn, Charlyn
I'm lonely, you're the only
Queen of hearts
My Charlyn, Charlyn, Charlyn
I'm falling
Oh, I'm calling
For your love, for your love

My Charlyn
You are like the flame of love
Sole survivor of my lost emotion
My Charlyn, I never get enough
How my love is deeper than an ocean
Daytime friends and nighttime love
My Charlyn, Charlyn, Charlyn
I'm lonely, you're the only
Queen of hearts
My Charlyn, Charlyn, Charlyn
I'm falling
Oh, I'm calling
For your love, for your love

My Charlyn
You are like the flame of love
Sole survivor of my lost emotion
My Charlyn, I never get enough
How my love is deeper than an ocean
Daytime friends and nighttime love
Oh, Charlyn...
Oh, Charlyn...
Oh, Charlyn...
Oh, Charlyn...
Mmm...

Oh, Charlyn...
Oh, Charlyn...
Oh-no...
My Charlyn...
