Ooh

There's a place where we can go now  
Where f\*cking is a show now  
Playing with your schizophrenia  
Then cut your genitalia

Comes on once  
Comes on twice  
Keep that pose it looks real nice  
We're coming here to warn you  
Before we f\*cking whore you

Chorus:

They're f\*cking, they're f\*cking, they're f\*cking in front  
of me  
They're f\*cking, they're f\*cking, they're f\*cking in front  
of me

There's a place where we can go now  
Where f\*cking is a show now  
Playing with your schizophrenia  
Then cut your genitalia

Comes on once  
Comes on twice  
Keep that pose it looks real nice  
We're coming here to warn you  
Before we f\*cking whore you

Chorus:

They're f\*cking, they're f\*cking, they're f\*cking in front  
of me  
They're f\*cking, they're f\*cking, they're f\*cking in front  
of me

In this world of make believe, your children are  
sexualized  
\*something\* so pretty you and me  
Armageddon come alive

In this world of make believe, your children are  
sexualized

\*something\* so pretty you and me  
Armageddon come alive

There's a place where we can go now  
Where f\*cking is a show now  
Playing with your schizophrenia  
Then cut your genitalia

Comes on once  
Comes on twice  
Every time it looks real nice  
We're coming here to warn you  
Before we f\*cking whore you

In this world of make believe, your children are  
sexualized  
\*something\* so pretty you and me  
Armageddon come alive  
In this world of make believe, your children are  
sexualized  
\*something\* so pretty you and me  
Armageddon come alive

They're f\*cking, they're f\*cking, they're f\*cking in front  
of me  
They're f\*cking, they're f\*cking, they're f\*cking in front  
of me  
They're f\*cking, they're f\*cking, they're f\*cking in front  
of me  
They're f\*cking, they're f\*cking, they're f\*cking in front  
of me
