Scars On Broadway
"Fucking"

"Fucking"

There's a place where we can go now
Where fucking is a show now
Playing with your schizophrenia
Then cut your genitalia
Comes on once
Comes on twice
Keep that pose
It looks real nice
We're coming here to warn you
Before we fucking whore you

They're fucking, they're fucking, they're fucking
In front of me
They're fucking, they're fucking, they're fucking
In front of me

There's a place where we can go now
Where fucking is a show now
Playing with your schizophrenia
Then cut your genitalia
Comes on once
Comes on twice
Keep that pose
It looks real nice
We're coming here to warn you
Before we fucking whore you

They're fucking, they're fucking, they're fucking
In front of me
They're fucking, they're fucking, they're fucking
In front of me

In this world of make believe
Your children are sexualised
Fuck so pretty you and me
Armageddon come alive
In this world of make believe
Your children are sexualised
Fuck so pretty you and me
Armageddon come alive

There's a place where we can go now
Where fucking is a show now
Playing with your schizophrenia
Then cut your genitalia
Comes on once
Comes on twice
Every time
It looks real nice
We're coming here to warn you
Before we fucking whore you

They're fucking, they're fucking, they're fucking
In front of me
They're fucking, they're fucking, they're fucking
In front of me

In this world of make believe
Your children are sexualised
Fuck so pretty you and me
Armageddon come alive
In this world of make believe
Your children are sexualised
Fuck so pretty you and me
Armageddon come alive

They're fucking, they're fucking, they're fucking
In front of me
They're fucking, they're fucking, they're fucking
In front of me
They're fucking, they're fucking, they're fucking
In front of me
They're fucking, they're fucking, they're fucking
In front of me
