All will fall in love with your ego
Trippin
Everybody's looking for a sunday mission
Ain't nobody searching for a second chance
I'm just looking for a new romance

All will fall in love with your ego
Trippin
Everybody's looking for a sunday mission
Ain't nobody searching for a second chance
I'm just looking for a new romance

Because you're too serious, your gonna
Make me delirious
Because you're too serious for

Lose you lose you lose and then I'm feel-
In loose
It's everybody's losin' and there's no one
Choosin

Ain't nobody searching for a second chance
I'm just looking for a new romance

Because you're too serious, your gonna
Make me delirious
Because you're too serious for me

Because you're too serious, your gonna
Make me delirious

Because you're too serious, your gonna
Make me delirious
Because you're too serious for me
