

Scar Symmetry "Extinction Mantra"

Black nobility plan the extinction, eradication through
conspiracy
It's there for all to see, the guidestones of their creed
The mass extinction phase

Burnt buried truth
Dividing to rule this earth on the skewed wings of false
adoration
Truth, it is buried deep in dissent
Lies came to be the means to their end
Fractures of the world open wide
The blind shall lead the blind

And the light benign of soul and heart
Lies cradled in fear
They alternate the dreams of man
To embrace what will unfold

Strange monument
Engraved with the words that display our imminent
grand decimation
Truth, it is buried deep in dissent
Lies came to be the means to their end
Fractures of the world open wide
Rotting from inside

And the light benign of soul and heart
Lies cradled in fear
They alternate the dreams of man
To embrace what will unfold

These words are carved in stone, there for all the world
to see
No fate or destiny to call our own

These words are carved in stone, there for all the world
to see
There's no fate or destiny to call our own

Feed on our fears

Soon time to erase all who reject the new world's
machinations
Truth, it is buried deep in dissent
Lies came to be the means to their end
Fractures of the world open wide
Decimate mankind

And the light benign of soul and heart
Lies cradled in fear
They alternate the dreams of man
To embrace what will unfold

These words are carved in stone, there for all the world
to see
No fate or destiny to call our own
