Now the funeral is over,
And all the tears are dried up,
Niggas hangin deep on the cut gettin fired up,
Lookin for the nigga who pulled a pistol on my homie,
An eye for an eye so now your life is what you owe me
Look deep into the eyes of your motherfuckin' killer,
I want you to witness your motherfuckin' murder nigga
And since you wants to kill then your ass is gots to fry
But ain't no police therefore your ass has gots to die
We play the game for keeps
And if you slip I guess you sleep
You shoutin out 'fuck it' now your ass is six feet deep
Cause where i come from yo everybody's got a gat
And niggas try your ass just to see where you got your
heart at
And if your shit is flimsy then your ass is gonna bend
And like i said before therell be no tears in the end
Im rollin through your hood and now my heart is full of
anger
You're at your sister's house now your sister's life's in
danger

With the kegger
Niggas wanna bang ya
And hang ya
Stang ya with one up in the chain
Lets take a trip up Hollywood
See how many niggas in my hood
Is down the time of day
We standin up for our own shit
And if you outside the clique then you die bitch

It aint no love in this motherfucker
It aint no love for yourself or your other brother
Because we real with this shit so we stay true
And since we bang then we do what OG say do
I've got the mind of the man in the mirror
So I'm lookin at me vaguely
But I cant see nothin fail me
Ive got my pistol point cocked
Ready ta pop shots non stop until I see your monkey

ass drop
And let your homies know who done it
Cause when it comes to this gangsta shit you mother
fuckers know who run it
So when you put this motherfucker to the test
You have to realize somethin nigga - you're fuckin with
the very best
I've got this killer up inside of me
I cant talk to my mother so I talk to my diary
I goin off on the deep end
I find myself face to face with myself while I'm sleeping
I see your picture in my head and my hands shake
You can run you can hide but there's no escape
My inner feelings show no mercy on my enemy
I got to get this motherfucker 'fore he gets to me
So in your own blood you'll bathe
I wont stop until I put this motherfucker in his fuckin
grave
And I can say this once again
You can cry but you'll still die
There'll be no tears in the end.
