

Scar Symmetry "Seeds Of Rebellion"

Visit "[Seeds Of Rebellion](#)" on [MotoLyrics.com](#)

War seeks revenge upon all peace
A turning of the tide again
Turmoil rising

Unleash the boiling chaos
Once veiled by mists of lies

Turmoil slowly kills the calm
Uncertain paths are entered now
Certainty shattered

Passive ways abandoned
Bring to life the seeds of rebellion
One more page is turned
Chapters of rage, all that remains

Opening the eye of destruction
Sowing now the seeds of war
The has come for deconstruction
Let the boiling chaos soar

Passive ways abandoned
Bring to life the seeds of rebellion
One more page is turned
Chapters of rage, all that remains

Opening the eye of destruction
Sowing now the seeds of war
The has come for deconstruction
Let the boiling chaos soar
