Got kids in the back
I'm on the attack
Your windows closed
Who cares if one gets cracked?
Got Whiplash - your head hit the dash
Look at my face fool, yeah
I'm the mack

Carjack (Man you ain't ever comin' back)
Carjack

Sneak my block? You gotta be kiddin' me.
Got both my eyes locked to your Infiniti

Your stereo sucks that's why I'll prolly chuck it
Pull that stupid bitch out the bucket. FUCK IT!

Lock your door bitch
Like it really fuckin matters
Goin for a ride bitch - bitch, fuck you bitch!
Stuck at the light
What a fucked up situation
Pickin up your kid at the fuckin' train station.
