Hey old boy - can you let me slide?
You're a 5-time loser - along for the ride
If you don't get it right I think I'm gonna blow you
Away
I'm no angel - I'm no saviour
Got a heart full of hate - anti-social behaviour
If you cross my line I'm-a break every bone in your
Body

Singin' halleluia
You're a 5-time loser
Wish I never knew ya

I'm not afraid of your dick or your money
Victory rages - sweeter than honey
I'll tell you tomorrow what I was gonna tell you today
I hear you say you're the judge and the jury
I'm a dragon mouthed bitch full of fire and fury

Resistance is my creed - freedom is my way

Singin' halleluia
You're a 5-time loser
Wish I never knew ya

Kids in the backroom, you beat 'em to death
You kill flowers with your poison breath
You hoochie little faggot, wouldn't do you with a
Homeless-dick
I'm no angel - I'm no saviour
Got a heart full of hate - anti-social behaviour
If you cross my line I'm-a break every bone in your
Body

Singin' halleluia
You're a 5-time loser
Wish I never knew ya
