I'm gonna kick your ass  
No time for reason - I'll pass  
Talkin' that shit - you're mine  
Better watch your back - your spine  
Cleanin' your clock  
It's time motherfucker for the shit to go down  
If you wanna see tomorrow better get out of town  
Fuckface - that's where I'm gonna stick it  
Swear I'm gonna kick it

Better bring a stretcher when you come down here  
I've been up for days and I have no fear  
I can take the punishment of you and your friends  
Wipin' down my head and do it again

Asshole - the shit is goin' down right now  
Put down the kid and run  
Daddy's gonna die - wave bye-bye  
Dumb cocksucker  
It's time motherfucker for the shit to go down  
If you wanna see tomorrow better get out of town  
Payback - cashin' in your ticket  
Swear I'm gonna kick it

I've been pumpin' stomachs since the age of 10  
Losin' my shit since I don't know when  
I been seein' red and I don't know why  
Better start runnin' cuz you're gonna die
