Ya...Ladies I'm Back

Got What You Need...Got You Ready

I Want You To Fluff My Pillow For Me

I'm out wandering, watching while you're looking bored

Rappable powers, half my life is on record

Where the record shopper for anal swap meet cats

Or pulling off the rigid panties from your young auntie

Entrepreneur maneuver, rappers, Inspector Gadget

Pager digits for slim, honies who got the money

Gang flipping magician, you call me David Blaine

Sex first is worth my girl, peep that yellow skirt

Deranged sexual launch, short of a comic

Cookies and milk, honey's pussy felt like warm silk

I bought the coffee maker, listen to Janet Jackson

Food in Tampa, the beach, was it really happening

Sweet G went to Vegas to check the burger joint

Emergency, beautiful sandwich with the handle shit

Calculator work, I got a safe budget

Soft sofa, leather floor, fucking read the warrant

Human afternoon, A/C in the Caravan

The moral street passes shoppers, second hand meet

Partial people, drug induced, reproduced killers

I sleep on a Pillow Fulla Scrilla

"Everynight and everyday, we doing this in many ways"

Sleep on a Pillow Fulla Scrilla

"Everynight and everyday, we doing this in many ways"

Sleep on a Pillow Fulla Scrilla

"Everynight and everyday, we doing this in many ways"

Sleep on a Pillow Fulla Scrilla

"Everynight and everyday, we doing this in many ways"

Partial delivery, DJ with that care package

Actual racket makes attacks, break her backbreaker

Jawbreaker, assign all keys, super sweet tooth

Your lady blew her time with me in the vocal booth

Empty the ATM, switch account to city bank

Bank of Montreal, BLT with pickles, the waitress giggle

The '86, my deal the, was sold to get

Nowadays, I save my memories, I don't forget

I have fun as my alias, my stacks grow

Dark slacks, amtrack, I just relax bro

Stress is for the seagulls, I peep some more finesse

Making lasagna, so people can't afford a dress

My address, attached to a mellow smooth location

When it's time for vacation, ain't no Greyhound Station

I don't like to fly, but hey I do it all the time

Hit on the stewardess, is that a Valour dress

"Everynight and everyday, we doing this in many ways"

Sleep on a Pillow Fulla Scrilla

"Everynight and everyday, we doing this in many ways"

Sleep on a Pillow Fulla Scrilla

"Everynight and everyday, we doing this in many ways"

Sleep on a Pillow Fulla Scrilla

"Everynight and everyday, we doing this in many ways"

Paper enhancer, the quiet man with all the answers

My style is dreamscape, coffee with the cream cake

Casual observer, the underground rapper server

I'm not the hip-hop authority, who's a lead murder suspect

I'm slashing their careers on the torso

Didn't think it was, my nautica is hot also

Middle of the day, send me up some mellow Tony

I got melon and rappers lack if they pistol packing

That's if they forget to call, but won't it happen slowly

She'll come back, she cut off, strut off, end of story

Triple my D-head, welcome to my seargeant's honey

More of some sweet G, from here to Boston dummy

Mammal is durable, expression of executiveness

Buy some land, eat a porno tape and dry my hand

Lottery luck, Lauterdale sipping Gerry Hill

Canada Dry, amateur born looking in the hill

Antoinette suck my sweat plus my clarinet

I go to K-Mart, fuck around and hit the strip

Most exciting got you fingernail biting

For real, I sleep on a Pillow Fulla Scrilla

"Everynight and everyday, we doing this in many ways"

Sleep on a Pillow Fulla Scrilla

"Everynight and everyday, we doing this in many ways"

Sleep on a Pillow Fulla Scrilla

"Everynight and everyday, we doing this in many ways"

Sleep on a Pillow Fulla Scrilla

"Everynight and everyday, we doing this in many ways"
