He sees what's beneath her skin, he sees through her
soul

Blue eyes and empty veins, her fortune unfolds
She steps out of her body that lies on the floor

Rise, rise from the ashes
Sink teeth into her, she becomes the cure
Blood runs forever, blood runs forever

Full moon illuminates, the streets' breathing fire
The dead come together to drink their desires
They march down the allies, the devil's parade

More of the turbulence that causes disaster
More of the chaos erasing the borders
More than confusion and all that she fears
The dark side is coming, dark side is

Rise, rise from the ashes
Sink teeth into her, she becomes the cure
Blood runs forever, blood runs forever
Blood runs forever

She's giving him all the way
(She's all the way there)
She's giving him all
She's prepared to take her plate
To follow in line, she steps into the dark tonight

Rise, rise from the ashes
Sink teeth into her, she becomes the cure
Blood runs forever, blood runs forever

Rise, rise from the ashes
Sink teeth into her, she becomes the cure
Blood runs forever, blood runs forever
Blood runs forever, blood runs forever
Blood runs forever
