All systems go, this one, she's outta control
She lost a breath, I think she fell off the edge
She's sinks her teeth in, there's no letting go
We all come to find she's just a snake, a snake devil

This is not a full discussion
Now you're a thing of the past
And I won't live to see the sunrise

She says I want you to know before you let me go
It's your fault, I'm demoralized
But I won't let what she says go to my head
No, not again

She's taking over the world one heart at a time
She'll chew you up and spit you out like nothing
Well, it's not her problem, well now we know
She's nothing more than just a snake, a snake devil

I won't live to see the sunrise
It's just a matter of time, only a matter of time
And I won't live to see the sunrise

She says I want you to know before you let me go
It's your fault I'm demoralized
But I won't let what she says go to my head
No, not again

And I won't live to see the sunrise
No, I'd rather just die than listen to your lies
No, I won't live to see the sunrise

You've already done the damage
You're a thing of the past
She's a snake devil

You've already done the damage
You're a thing of the past
She's a snake devil

You've already done the damage
You're a thing of the past

She's just a snake devil

You've already done the damage

You're a thing of the past

She's a snake devil

You've already done the damage
