What's Up Now!

I'm not giving up just yet,
I won't give up 'till I lose,
Your ideas aren't fair by any means,
But I'll still try to follow through,

I'm stuck in a corner now with nothing left to prove,
This room is filled with expresionless faces,
And not one of them has a clue,

And you know that just won't do,
And you know that just won't do,

Don't say your innocent to soon,
Don't say your innocent to soon,

Give it all away,
Give it all away,
Give it all...
Everything for you

What is it that makes you think that you can bend the rules?
You really think that you are off the hook
It's coming back for you

Can't run away from fate that's something we all know
No matter how much you try
You'll still have no place left to go
But you know that just won't do
But you know that just won't do

Don't say you're innocent to soon,
Don't say you're innocent to soon,

Give it all away,
Give it all away,
Give it all...
Anything for you

Give it all away,

Give it all away,
Give it all...
Anything for you

If it happens then it happens,
If it happens then it happens,
If it happens then it happens,
If it happens then it happens,

If it happens then it happens,
(what is it that you're trying to prove)
If it happens then it happens,
(what makes you think that you can bend the rules)
If it happens then it happens,
(what is it that you're trying to prove)
If it happens then it happens
(what makes you think that you can BREAK!)

Every single wish came true
I won't lie in front of you

I hope you're living your selfish fairytale
Well it's all down hill from here

There's nothing left to fear

So swallow your pride and choke back your tears
So swallow your pride and choke back your tears

I said what's up now
