Those boys around you look so pale  
With no choice but to catch your attention or fail  
Those things that they said  
They mean more than all records that they'll ever had  
Take my advice  
If you turn to me I'll be your tumbling dice  
Turn off the lights  
And we'll dance to that music you said was so nice

We grow and we move on  
It takes one to know one  
I'm stoned to your face  
Cecilia where are you?  
I hadn't in mind to...  
... Go there again  
Cecilia where are you?  
It wasn't my intention to!

Die she must again and again  
And I know it's late but can I come in?

And I'd love to hear that nothing will get you low  
I breath I think I laugh for you  
You know I spend every dime  
And it hurts to see that I'm wasting my time  
Die she must  
Cos nothing will get her low

One day all bridges turns to dust  
All lights will burn out and all promises rust  
The lack of spine, she said  
It goes to my head and it swallows me down

We grow and we move on...

Die she must...

Nothing will get you low

Nothing will get you low

Nothing will get you low  
I breath, I think, I laugh  
For you
