I get these vibes from this girl i know
and i just want her to come,
then i want her to go
i wanna spit her right
'cause she knows she tastes like blood

this girl i know she's got the wonderful eyes
and she's all tangled up telling beautiful lies
i wanna spit her right
'cause she knows she tastes like blood

she's she's installed in my head
when my matchbox's down lit the fire instead
some days she's all i wanna see
now she looks like a fool to me

she's my nicotine sister
you know i'll be missing her so
oh i don't care anymore
i just let my emotions go
she wants a piece of my heart

i kissed her twice then i got on the bus
and she just made me so sick
you know it came like a rush
i got off, i puked the guts right out of me

i get these vibes from this girl i know
and i just want her to come,
then i want her to go
i wanna spit her right
'cause she knows she tastes like blood

she's she's installed in my head
when my matchbox's down lit the fire instead
some days she's all i wanna see
now she looks like a fool to me

she's my nicotine sister
you know i'll be missing her so
oh i don't care anymore

i just let my emotions go

she's my nicotine sister
you know i'll be missing her so
oh i don't care anymore
i just let my emotions go
right on, sister
