We're tight with the luck you got  
And we've already past the test, still I cant go on  
wouldn't give me time to sleep  
Cos we were out singing in the streets  
And I cant go on for the luck you got  
I cant go on for the luck you got  
I cant go on for the luck you got

Johnny went out and got smashed in his face  
I said; Man, these people try to put you down  
These people shitting over you  
And the sound of rockstar dreams and limousines are  
fading  
And man, this town is shrinking on my back  
These people shitting over you

New years eve in the blistering cold  
Dizzy head and dripping nose  
I cant go on for the luck you got  
Met a girl and here dress were blue  
Her eyes were sad so I was thinking of you  
And I cant go on for the luck you got  
I cant go on for the luck you got  
I cant go on for the luck you got

Johnny went out...

Johnny went, I should have gone in his place  
And man, dont you try to put us down  
One day we'll be shitting over you  
shitting over you...  
shitting over you...
