I tried to keep my soul alive  
Playing Mortal Kombat on the Megadrive  
I patched my lust with Nicorette  
Went surfing down the Internet

But still I need you here tonight  
Let's make love by satellite  
By high speed uplink, error free  
Be my Virtual Valerie

You were always something physical  
Something violent and visceral

I will specify you line by line  
Make a virtual girl to your design

I miss you more than I can bear  
But loneliness won't take me there  
By high speed uplink, error free  
Be my Virtual Valerie

Let me hold on to this memory  
Because I need you here with me  
Be my Virtual Valerie
