For now I'm here
In your garden
We talk about the words
That brought us here
And we are here
Your thoughts forgotten
We run beneath the searchlights
That guide us here

You wanted to stay
Eyes far away

Could you touch me now
If you're feeling
Like you're seeing
And believing
In your heart
At the end of every sequel
True loves fallen heroes
Find your heart

For now I'm here
In your garden
Purple flowers
End your heart of stone
We are here
You are stalling
We run beneath the searchlights
That guide us home

You wanted to stay
Eyes far away

Could you touch me now
If you're feeling
Like you're seeing
And believing
In your heart
At the end of every sequel
True loves fallen heroes
Find your heart

Find your heart
