"In A Trance"

I was cruisin' alone on the edge of the night
When the rest of the world disappeared out of sight
Had to slow down my heart - close my eyes for a while
Check my image and go for the ride

In a trance - some lovers are groovin'
This romance is going all through me

She was desperately young as far as I can recall
With a face much too big and a dress far too small
She was talking to me with her hips and her hands
Had to ask if she'd care for a dance

In a trance - some lovers are groovin'
This romance is going all through me

Could not last very long she was throwing the dice
In a game that I lost as the tears turned to ice
Left a note on the floor what is love after all
But occasional steps of a dance

In a trance - some lovers are groovin'
