Got my Ray-Bans on every day and night
Got a one-track mind that I wanna hide
Got an easy job that I try to keep
Got a bunch of girls and I got 'em cheap
Got a million things that I wanna do
But I waste my time hangin' out with you

It's not because I'm really easy to please
It's not the way you bring me down on my knees
It's just a feeling but it keeps coming back
It's a tiny little heart attack

Got a big guitar lookin' dynamite
Got a Thunderbird that I drive all night
Got a shoeshine-boy workin' overtime
Gotta grow up soon but I never mind
Got a big fat guy takin' all the blame
For the chairs I break when you call my name

It's not because I'm really easy to please
It's not the way you bring me down on my knees
It's just a feeling but it keeps coming back
It's a tiny little heart attack
Just a tiny little heart attack

Got a snake-skin suit that I really like
Lookin' like the devil on a Friday night
Got a shark outside in the swimming pool
But it won't be trouble if you're stayin' cool
Got my mind made up that I'm leaving you
But it won't be easy no it won't be true

I'll never make it through a Saturday night
I'll never make another move in the light
'Cause if I see you and you're lookin' like that
I'll get a tiny little heart attack

It's not because I'm really easy to please
It's not the way you bring me down on my knees
It's just a feeling but it keeps coming back
It's a tiny little heart attack

Give me a tiny little heart attack
I want a tiny little heart attack
