I saw you walking - I saw you smile
I saw you talking to a big fat guy
I saw you standing across the floor
Gave me directions how to get inside your door

I am surrounded - lost in a trance
Don't even care if all you wanna do is dance
I could be dreaming - I could be high
A spitting image of a spirit in the sky

Strange man from the underground
Make a magical move tomorrow
Strange voices speak without a sound
But the message is loud and clear

Oh no! I'm never gonna turn you over
Oh no! Forever on the road to nowhere

Baby don't say no
Don't say you got a place to go
'Cause I don't think so

Oh no! I'm never gonna turn you over

I'm not your lover - I'm not your man
I'm not an easy thing for you to understand
I'm a crusader of my own wealth
Never disturb me if I'm talking to myself

It's really simple - I'm not afraid
No need to worry 'cause I'm always getting paid
I'm no believer - don't wanna die
For king or country or some other reason why

Blue baby melting in the sun
Say a prayer for me tomorrow
Strange shadow always on the run
When he leaves never say goodbye
