When the moon is high
High over your head
When you're deep in thought
And time has no end

Where will you go?
Where will you go?
Come back to me
Come back and you'll see

When all hope is lost
So far gone, my friend
When you're past the point
Right over the end

Where will you go?
Where will you go?
Come back to me
Come back and you'll see

I've been swimming in a river of pain
Drowning again
Wish I could surface, baby
Swimming in a river of pain
Out of my brain
Hope I can save myself
This time
This time
This time
This time

When the sun is far
Far behind your bed
When you're down and out
And just no one's a friend

Where will you go?
Where will you go?
Come back to me
Come back and you'll see

I've been swimming in a river of pain
Drowning again
Wish I could surface, baby
Swimming in a river of pain
Out of my brain
Hope I can save myself
This time
This time
This time
This time

Where will you go?
Where will you go?
