Where the world ends
Right here today
Where all time stops
And we will pay
For driving ourselves
Into the ground
And just ignoring
The signs around

Don't much care for
The way you pray
Don't much want to
Hear what you say
No I won't let you
You get me down
Or make me lose the
The love around

That's not the way I live my life
That's not the way I will survive

Don't much care for
The way you pray
Don't much want to
Hear what you say
No I won't let you
You get me down
Or make me lose the
The love around
The love around
The love around

That's not the way I live my life
That's not the way I will survive

What a bright light that big bang
What a surprise to the skies
What a bright light that big bang
What a surprise to all eyes
What a bright light that big bang
What a surprise to the skies

What a bright light that big bang
What a surprise to all eyes

That's not the way I live my life
That's not the way I will survive
