Edward baggott likes to suck cock
Especially of that guy called gok
He completley loves his xbox
He thinks that it is a foxy fox
In bed

Ed ed the gay boy baggott
Is a complete and utter faggot
He likes to do loads of men
He likes to do it again and again

He was walking down the street one day,
When he saw the perfect gay
He ran up to him and raped him hard
What a fucking retard!

Ed ed the gay boy baggott
Is a complete and utter faggot
He likes to do loads of men
He likes to do it again and again
