Lillian, Lillian  
Girl I just met a night before  
I hope I see you again  
I hope I get to know you well  
Would it be alright  
If I told you  
I think you are beautiful  
Lillian, when will I see you again?

Lillian, Lillian  
Falling in love as the guitar plays  
Pull back your long hair  
So I can see into your eyes  
Would it be alright  
If I told you  
I think you are beautiful  
Lillian, when will I see you again?

Lillian, in my life  
Lillian, by my side  
Lillian, let's stay here for awhile

Summer day in the park  
An evening in the cafe  
Would it be alright  
If I told you  
I think you are beautiful  
Lillian, when will I see you again?
