Welcome to oblivion we've designed your very own hell  
We're here to take your soul leave your body frail  
I am the worst of the worst  
The lowest of the low  
I am the worst of the worst  
The lowest of the fucking low

My life is suffering (MY LIFE)

Welcome to my world your skin's been curled  
Oh tell me if you like this  
I'm forever your skin I sever  
This is my endeavor  
Tell me if it's pain or pleasure  
Time to play in a world of pain

There is no gain just the promise of my fucking chains

Look in my eyes and I'll give you torture  
Look!

Explorers in the further regions of experience  
Angels to some, demons to others
