You can tell him that I'm waiting
You can tell him that I'm not coming home
It's been a couple weeks debating
And I'm still not sure if she really knows
Fight off your urges to tell her how you feel
It can only cause you problems tonight
Hold tight till you leave, then decide
Whether the timing was wrong, or was it right?

Cause I know I would, regret if I ever left
Take a look just a little closer
Because she's the one that makes it feel like home
And I see now, but I can't fight
Wait here just a little longer
Hold on tight you about to lose her
These feelings that I have inside for her

Call me a friend when you're in dire need of
Falling cause I'm always there to help you up
Call me when you have a place to run away from
Call me cause I..

Cause I know I would, regret if I ever left
Take a look just a little closer
Because she's the one that makes it feel like home
And I see now, but I can't fight
Wait here just a little longer
Hold on tight you about to lose her
These feelings that I have inside for her

Give me a chance to prove that I
Could be your one, your inspiration.
Cause I swear, I won't, mess it all up give me a try
I know that I have my own flaws
But they just build my motivation
So take me, right now, before I start to change my
mind

Cause I know I would, regret if I ever left
Take a look just a little closer
Because she's the one that makes it feel like home
And I see now, but I can't fight

Wait here just a little longer
Hold on tight you about to lose her
These feelings that I have inside for her
