Well don't be alarmed if what I wrote  
Skips your heart and stings your throat  
You know that it was always on you  
There was nothing else that I could do  
But if you love me at all then I won't have to worry  
And if you love me at all I'll never be alone, no

So tonight I won't be careful  
Cause in your eyes there's no such thing

And there's so much I want to tell you  
From a long phone call out west  
How even at your weakest babe, you'll always have my  
best

Well stay if you want to stay and go if you have to  
I just don't want to be afraid of what I never asked you

Tonight I won't be careful  
Cause in your eyes there's no such thing  
Here tonight I won't be careful  
Cause in your eyes there's no such thing

Forget the things that we can't change and sleep well  
When you get there babe  
Forget the things that we can't change, we'll be alright  
I promise you
