You had me going when you said,  
I was the reason that you left.  
And you took my heart  
Every time you went on weekend trips  
Around the country with him.  
And I want to be the one that's outside of your door.  
And I want to be the one you're calling when you're  
bored.  
And I want to know you better than they say that they  
do,  
Cause' when its love, babe, it's only you.  
And now, if you promise to.  
Then I'll, then I'll keep it together for you.  
I'm not your saving grace.  
We'll make the same mistakes,  
But I won't watch and let you fall.  
Cause' if I don't make it out with you  
Then I can't say I've made it at all.  
I wish you could tell me how you hope everything turns  
out.  
Cause' it's never who we learn to love,  
It's always the one we can't help thinking of.  
And I'll always be the one that's outside of your door.  
And I'll always be the one you're calling when you're  
bored.  
And I'll always know you better than they think that they  
do.  
Cause' when its love, babe, it's always you.
