And I somehow knew you were there,
And you were, there you were.
Barely brushing shoulders,
And your eyes showed.
Nothing of confidence,
Nothing of confidence.

And then you'll say that you'll stay.
It's not what I wanted,
And not what I needed.

Your fashion sense has won me over.
I'll get to that city if it's the last thing that I do.

And then you'll say that you'll stay.
It's not what I wanted,
And not what I needed.
It's amazing how your eyes sing everything.

It's already over and I wouldn't let it.
It's already over and I can't admit it.

If I could just get up the nerve to tell you
Everything I want to, how you're everything
I want to call my own,
If I could.
