(Verse 1)

All I need is you
To take us to the good times
Know that when were one
Love will be the life line
Shelter in the storm
See you in my mind I
Cause all I need is you
When we are apart
Time is hard to measure
Wish upon a star
Never say you'll never
Walk through any door
Hostage of a heartbeat
We'll always be as one

(Chorus)

All I need is you
Not just an illusion
We can live a lifetime together
Having the great desire
All I need is you
Two world we stand forever
All I need is you

(Verse 2)

I hope you'll never travel
A solitary journey
This life we share
The flame will keep on burning
Mend a broken heart
Sail upon the ocean
Two heart that beats as one

(chorus)

(Bridge)

I reach across the distance to touch you
I hear your voice when everything's right
You know that I will never forget you
I couldn't stand the loneliness
So vivid like I do
