"The Truth"

When I started this lie
That I had no feeling for you
All along I waste time with you
When your away from my life
And it's like I feel so lonely
It feels like to tell the truth

Wrote your last name on my mind
I'm crazy, crazy love with you

Reff:
Did you know that I'd been lied
I'm dying but still alive
Here, I'll tell the truth
I think all this is enough
Trying hard (to) open my mouth
Hey, I falling for you

All of the days that we've passed
Sing along wherever we want
Like a friendship but I keep feeling
I tore myself with a knife
Banging my head to the big wall
It seems like to tell the truth

Wrote your last name on my mind
I'm crazy, crazy love with you

(Back to reff)

Tududu tududu tudududu
Tududu tududu tudududu
I falling for you
